Timecard Ministry Admin

Please note that the employee name and employee number are considered personal information under The Freedom of Information and Protection of Privacy Act or FOIP. Information in timecards contains other personal information, as well as personal health information as defined in The Health Information Protection Act or HIPA. Particularly, such information is contained in codes, reasons and sometimes comments of employees.

The collection, protection, use and disclosure of personal information and personal health information contained in timecards is governed by FOIP and HIPA.

If a delegate moves to a different ministry, please ensure that their delegation is discontinued. It is also strongly recommended you take <u>the Access and Privacy in the Government of Saskatchewan</u> training if you have not already done so.

Time Entry Delegation

Time Entry Delegate is typically used to assist an employee with their timecard. This is typically done when:

- An employee does not have access to a computer or internet connected device to enter their timecard.
- An employee was terminated or was on leave prior to submitting their last timecard.
- An employee is out of the office/unreachable and they are unable to make amendments in their timecards.
- An employee needs help (within their own ministry) with entering timecodes.

Adding a new Time Entry Delegate

After logging into PSC Client, click on 'Time Entry Delegates'

Type in the name of the person who will be delegated the access and then click the 'Modify' or 'Delegate' button, whichever is present.
