

### **SGEU Up-in-Range**

The following posting is in accordance with the clauses dealing with "In-Hiring Rate of Pay".

Permanent Full-time

TRA001536 - Aircraft Maintenance Engineer I

Ministry: Non-Executive Government>537 Saskatchewan Public Safety Agency

Grade and Job: SGEU.09., TAM - SGEU

Salary Range: \$44.657 - \$54.335

Rate Approved: \$45.00

Key Responsibilities of position:

Under the direction of senior engineers, you will be performing periodic inspections on airframes, engines and systems on a fleet of 17 firefighting aircraft including CL-215T's, CV 580A's, Twin Commanders and DHC Dash8-400 Series. You will be responsible for assessing deficiencies in airframe, engine, electrical, hydraulic and instrumentation/avionics systems; and repairing or replacing deficient components in accordance with Transport Canada approval standards. To qualify for this position, you will possess the following:

- An Aircraft Maintenance Engineer License with at least one of the following ratings: M1, M2, S or E.
- A valid Saskatchewan Driver's License.

You will have knowledge of:

- Maintenance standards as outlined by CARS, Federal Aviation Administration Regulations and Transport Canada Airworthiness Directives.

You will have the ability to:

- Maintain aircraft log books with correct certifications.
- Conduct scheduled inspections and diagnose equipment and aircraft problems through close observation and various tests.
- Conduct necessary repairs and maintenance.
- Travel and work out of designated bases during the summer fire season.
- Maintain standards as outlined by CARS, Federal Aviation Administration Regulations, and Transport Canada Airworthiness Directives.

Qualifications of person Appointed:

- M1 License
- 3 years' experience
